

Christmas Video Messages 2020

What we need

- We need video messages with the person/persons saying their name, location, who the greeting is for and a short message.
- The video message should ideally be no more than 20 seconds in duration.

How it should be filmed

- These should be filmed landscape/widescreen ONLY, in a quiet environment, with a festive backdrop if possible.
- Christmas hats, jumpers, military uniform, family messages etc are all encouraged.
- The person or family should be framed in the centre of the screen, preferably outside and if inside, not directly in front of a window as the sunlight plays havoc with the camera lens.

Where to send them

- Upload unedited messages via We Transfer.com to **messages@bfbs.com**
- You will not be able to email video directly, you must go via We Transfer.com
- Deadline for video messages is **11.59pm GMT on Sunday 13th December 2020.**

What happens next

- Your video message will be shown on BFBS TV, Online and Social Media channels over the Christmas period. The audio from the message will be played out on BFBS Radio.

*****VERY IMPORTANT*****

By being filmed (military or civilian) and sending us the message, you agree for BFBS to use the video in the ways described above. If a child appears in a message on their own, a parent/guardian **MUST** sign the declaration below, scan or take a photo of this document and then send it to messages@bfbs.com - otherwise the message will **NOT** be broadcast.

Name (CAPITALS).....

I hereby permit the recording of my message to be shown on BFBS TV, Radio, Online, Social Media and Forces TV over the Christmas period.

Signed (PARENT/GUARDIAN).....Date.....
